

We're headed back to Indy for the 2011 Annual Users Conference

Sheraton at Keystone at the Crossing • Indianapolis, IN • Oct. 3-5, 2011

There's a good reason long-time Annual Users Conference attendees often ask when we're taking our premier training event back to Indianapolis. Indy is ideally located for a large percentage of our users and is exceptionally easy to get to for everyone else. Plus, there's just so much to do there!

Rooms can be a bit pricey in a popular conference city like Indy, but not this year! The folks at the freshly-remodeled Sheraton at Keystone at the Crossing made our return to Indianapolis easy with great rates: \$89/night—single & double occupancy; \$99/night—triple occupancy; \$109/night—quad occupancy. Parking at the Sheraton is free, too!

If you know Indy, you know about Keystone at the Crossing. The Sheraton is right there in the middle of it all—the attractions, the many varied dining choices and the fabulous shopping. In fact, the Sheraton is connected by skywalk to the Fashion Mall at Keystone, where retail shops are open until 8:00 p.m. and restaurants and cinemas are open later. Take advantage of the perfect chance to do some Christmas shopping or just relax and unwind after a full day of training.

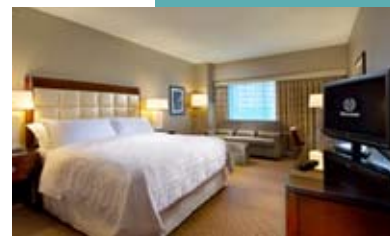

Training is, after all, the whole point of the conference. Every Annual Users Conference offers fresh and valuable insights for both new and seasoned users, but some years just stand out. For several reasons the 2011 Users Conference is shaping up as one of those banner training years.

CDM+ 9 is here now, and CDM+ 9.1 will be released in the fall. There's no better way to learn the ins and outs of the latest version of CDM+ than to train at the 2011 Annual Users Conference. Plus, we'll be showcasing our iPad and mobile device connectivity. Who can benefit from attending? All CDM+ users, but especially those:

- who need a good foundation in CDM+, regardless of length of time using it
- who want to learn to get more done in less time
- who want to understand how to leverage the information in CDM+ to expand their ministries
- who would like to know how to make the information in CDM+ work with your existing website to reach more people, more effectively

The core of the conference will be two-and-a-half days of classes with so many options that you can design a training track uniquely tailored to your needs! There'll also be access to a computer lab and one-on-one help from support technicians and programmers. And, as a valuable bonus, you'll take home a detailed training manual to keep as a resource.

Keep up with the latest on conference happenings and even link to Sheraton Info & Reservations from [the official 2011 conference website.](#)

Guest rooms shine after the Sheraton's just-finished complete renovation.

Keystone at the Crossing—Indy's most prestigious location has it all!

Shop 'til you drop at The Fashion Mall, connected to the Sheraton by skywalk.

"Best conference I have ever attended! I learned something pertinent and beneficial in every class. Not one bit of time was wasted on unnecessary 'fluff.'"

—Lisa Turner,
Redeemer Presbyterian Church,
Winston-Salem, NC

2010 "World Class" Training Event Was a Grand Success!
